

SILENT WAKE - AAWO

Role Sheet

February 2026

NAVAL
GROUP

1 Mission

Preserve air defense viability and manage the air picture under sensor degradation and competing priorities.

2 Responsibilities

- Track air threat timelines and required sensor posture (AAW RADAR state is critical).
- Coordinate with EO on what is physically plausible and with OPS on threat prioritization.

3 Authority and Limits

- You recommend; CO decides.
- You cannot demand perfect air picture; you must operate under uncertainty and time pressure.
